

**FORMULA STATEMENT**

Dear Parents:

Please read, sign and return the below statement to your child's teacher.  
Thank you for your cooperation.

Spanish for Toddlers does not provide Formula for infants in our care.  
Parents are required to supply Formula for their child.

According to the State of Michigan, Department of Human Services Rule R  
400.5205a (3) (a):

**“Formulas shall be furnished daily to the center in clean, sanitary,  
ready-to-feed bottles.”**

All bottles are to be pre-mixed and clearly labeled with the infant's name.  
Spanish for Toddlers will refrigerate bottle until used. At the end of the day,  
any unopened ready-to-feed bottles shall be returned to the parent or  
discarded.

I have read the above requirements regarding my child's infant Formula and  
agree to provide Formula pre-mixed and individually marked in bottle  
effective immediately.
